**San José, Costa Rica.**

**Dear friends,**

On behalf of Seattle International Foundation (SIF), we're excited to bring the 13th annual Central America Donors Forum (CADF) to San José, Costa Rica for the first time in the event's history. This year, we look forward to gathering a community of leaders around a common goal: **to promote development, justice and equity in Central America.**

CADF 2023 will spark conversations to influence philanthropy and enhance the strategic giving and investing of funders in Central America. Like the region, philanthropy, donors and civil society are adapting to shifting contexts and emerging challenges that threaten peace, justice and prosperity.

Throughout CADF's history, we have convened over 5,000 leaders and mobilized funding and resources to Central America. In the lush backdrop of Costa Rica, we will drive a regional conversation forward on migration, environment, authoritarianism, closing civic spaces and much more.

Over the course of three days, more than 150 speakers will facilitate dialogues intended to motivate, inspire and drive collective action. We will meet the challenges of this critical moment by strengthening partnerships and developing a shared vision together—the next step in building an inclusive, peer-learning network.

As CADF has grown beyond its modest roots over the past 13 years, reaching an audience of nearly 500 leaders last year, **we are grateful to the organizations that have contributed to the sustainability of this initiative.** In this brochure, you will find new levels of support and multiple opportunities to showcase your impact at CADF 2023.

**Thank you for believing in Central America, and for participating in our efforts to help build peaceful and equitable communities across the region.**

We hope you will support and join us for CADF 2023 on September 25-27 in San José, Costa Rica.

Sincerely,

**Adriana Beltrán**
